"The secret to change is to focus all your energy, not on fighting the old, but on building the new".
-Socrates

Do Your Best

Do you best, even if you make apparent mistakes - how are you to judge if they are mistakes? You can only obey the higher urge which inclines you to contribute the best that you have to the service of the community of human beings and angels. Thus you shall be an ever-growing channel for the light of the Master.

Simple Formula for Living

Live beneath your means.

Return everything you borrow.

Stop blaming other people.

Admit it when you make a mistake.

Give clothes not worn to charity.

Do something nice and try not to get caught.

Listen more, talk less.

Every day take a 30 minute walk.

Strive for excellence, not perfection.

Be on time. Don't make excuses.

Don't argue. Get organised.

Be kind to unkind people.

Let someone cut ahead of you in line.

Take time to be alone.

Cultivate good manners.

Be humble.

Realise and accept that life isn't fair.

Know when to keep your mouth shut.

Go an entire day without criticizing anyone.

Learn from the past, plan for the future.

Live in the present.

Don't sweat the small stuff.

It's all small stuff.

Hold the date! our Spiritual Reading Days in 2019;

- **Saturday 2nd March**
- **Saturday 29th June**
- **Saturday 2nd November**

Everything is placed before you for a reason

Catching the moment to be completely still and focused, will bring the stepping stones that lead to clarity.

Being open in every possible moment, to the unexpected.

Received and experienced without pre-thought or reasoning

Accepting what is placed before us, as it is, in the moment.

Going within.
